Title	Description
<p>Bloodborne Pathogen Awareness</p> <p>Additional Information Length: Approximately 1.5-2 Hours if run straight through Cost: \$20.00</p>	<p><i>Bloodborne Pathogen Awareness training has been developed to achieve an increase in awareness and personal protection from contracting bloodborne disease. Bloodborne Pathogen Awareness best serves those with a reasonable probability of being exposed to blood and other potentially infectious materials, including body fluids. With this course we can help stop the spread of disease in public spaces, workplaces, and homes. Upon successful completion of online training, each participant will receive a training completion card from MediTech, LLC, valid for 1 year. Bloodborne Pathogen Awareness curriculum is in accordance with State and Federal OSHA guidelines.</i></p>
<p>Basic CPR - Provider & Renewal Training</p> <p>Length: Approximately 1.5-2 Hours if run straight through Cost: \$30.00 *See disclaimer below</p>	<p>Basic CPR utilizes American Heart Association curriculum which covers Adult, Child and Infant CPR and the relief of a foreign body airway obstruction. The information provided in this training is vital to anyone with an interest in learning the most updated techniques, as well as those who have a reasonable probability of witnessing sudden cardiac arrest or choking. Upon successful completion of online training, each participant will be required to schedule a skills assessment with MediTech, LLC or an American Heart Association Training Center. Following successful completion of the skills assessment, each participant will be given an American Heart Association Heartsaver CPR Provider card, valid for 2 years.</p> <p>Materials Needed: Heartsaver CPR student manual.
