

John Zelem, MD, FACS
Senior Director, Audit, Compliance and Education

Dr. Zelem currently serves as a Senior Director, Audit, Compliance and Education for Executive Health Resources (EHR). At present, more than 1400 hospital and healthcare organizations across the country are using EHR's solutions. A Board Certified general surgeon with more than 25 years of clinical experience, Dr. Zelem is responsible for quality assessment and improvement at EHR's client hospitals. Dr. Zelem is also a member of EHR's physician education team and regularly visits EHR's client hospitals to provide medical executives and staff members with ongoing education on a variety of topics including Medicare and Medicaid compliance and regulations, medical necessity, Recovery Audit Contractors, utilization review, denials management and length of stay. In addition, Dr. Zelem is a renowned industry author who has published many books and is a well-known motivational speaker and presents often to professional and public/patient audiences on health and wellness, personal development, and leadership and success.

Prior to joining EHR, Dr. Zelem practiced general surgery at Griffin Hospital, a 160-bed acute care community hospital located in Derby, Conn., and then practiced general surgery at Baptist Memorial Hospital-Booneville, a 67-bed acute care hospital located in Booneville, Miss. Dr. Zelem received his medical degree from Boston University School of Medicine and bachelor's degree in biology from Boston College.
